Continual Illegal Acts' One
of Charges Against Depart-
ment of Justice.

ASSAIL 'RED' CAMPAIGN

National Popular Government
League Announces Findings
of Special Committee.

WASHINGTON, May 27.—Charges that
the Department of Justice had com-
mitted "continual illegal acts" in con-
nection with its recent campaign against
radical activities are contained in a re-
port made public to-night by Judson King,
executive secretary of the National Popu-
lar Government League.

The men who composed the committee
were: G. H. Brown, Memphis; Zad-
ochas Chafee, Jr., Boston; Powell, and
Wells Franklin, Chicago; Swinburne Hale,
New York; Francis P. Kuhn, Philadel-
phia; Alfred Sillies, Baltimore; Jackson
H. Balkan, Washington; D. C.; David
Walkerstein, Philadelphia; Frank P.
Walsh, New York; and Tyrrell Williams,
St. Louis.

They grouped their charges against
the Department of Justice under 14
heads as follows:

1. Criminal and unusual punishment,
arrests without warrant, unreasonable
searches and seizures, provocative
agents, compelling persons to be wit-
nesses against themselves, propaganda
by the Department of Justice.

"We make no argument in favor of
any radical doctrine, whether
Socialist, Communist or anarchist," the
report says. "None of us belongs to
any of these schools of thought."

The office of the Attorney General
under guise of a campaign for sup-
pression of radical activities," the report
says, "acts as its local agents
throughout the country and gives ex-
ample to others." Walkerstein has
committed continual illegal acts.

"Wholesale arrests both of aliens and
citizens have been made without warrant
or any process of law, men and women
have been held and held incommodio-
us without access of friends or counsel;
homes have been entered without search
warrant and property seized and re-
tained; persons suspected of being
women suspected of radical views have
been unmercifully abused and maltreated,
and agents of the Department of Justice
have been introduced into radical orga-
nizations for the purpose of inform-
ing upon their members of inciting them
to activities."

"In support of these illegal acts and
to give them a semblance in its favor, the
Department of Justice has also constituted
itself a propaganda bureau and has
sent to newspapers and magazines of
the country quantities of material de-
signed to excite public opinion against
radicals all at the expense of the
Government and outside the scope of the
Attorney General's duties."

During the time "Reds" existed,
the report says, however, the Attorney
General's campaign "has been singularly
fruitless." Since he had listed 59,000
suspects November 14, 1919, and had
not rid of 10 alien suspects, "which, on
his own showing, leaves him at least
19,169 persons (aliens and citizens) still
to cope with."

In deportation proceedings for
1,547 persons the report says have
been cancelled by Assistant Secretary
of Labor Louis F. Post, to whom contra-
dictory re-establishment of American con-
stitutional law in deportation proceedings
are due the attacks that have been
made upon him."

ARMENIANS TO SEND
MISSION TO MOSCOW

Fear of Turk Attack Causes
Them to Seek Reds' Aid.

PARIS, May 27.—The Armenians have
accepted an invitation from the Russian
Bolsheviks to send delegates to Moscow,
according to information received by
the French Foreign Office.

A Tiflis despatch to the Foreign Of-
fice says the Georgians have already
reached an agreement with Moscow under
which the Tiflis Government under-
takes to prevent Georgian territory be-
ing used as a base for attacks against
the Bolsheviks.

The reported willingness of the Ar-
menians to negotiate with the Bolsheviks is explained in official circles
here by the fact that they are exposed
to attack by the Turkish Nationalists
on the one side and by the Bolsheviks
on the other.

BILL LETS TREASURY
FIX BACK TAXES

No Appeal From Settlements
Involving \$1,000,000,000.

WASHINGTON, May 27.—Authority for
the Treasury to make final settlement
under which back taxes estimated at
\$1,000,000,000 will be paid the Govern-
ment is provided in a bill passed to-day
by the House and sent to the Senate.
The measure amends the 1918 tax law.
Under it, the Treasury will be making
the final settlement of back tax cases.
Assessments also would extend to the
future, the bill providing that Treasury
decisions accepted by the taxpayer shall
not be reopened, modified or set aside by
any official or court except on a show-
ing of fraud materially affecting the tax
law.

The legislation was asked by Treasury
officials to enable them to dispose
promptly and finally of pending tax
cases.

CANADA WELCOMES TOURISTS.
Passports Not Needed, Entering or
Leaving Country.

OTTAWA, Ont., May 27.—American
tourists visiting Canada do not require
passports as a condition of entry to
Canada from the United States or as
a condition of leaving Canada for the
United States, according to the Canadian
Department of Immigration and Coloniza-
tion to-day.

Canada welcomes bona fide tourists and
will extend every possible courtesy to
such travellers in entering and leaving
the Dominion, the department said.

Child Chess Player Wins 18 to 1.
Paris, May 27.—The youthful chess
phenomenon, eighteen-year-old Samuel Resz-
chewski, of Poland, taught twenty picked
players from the Paris Chess Club yesterday
how the ancient game should be
played. Samson, the tiny infant
as well as in chess, played twenty
simultaneous games, winning 18, tying
another and losing only one. The games
lasted four hours.

Lumber Prices Come Down.
For Worth, Texas, May 27.—Lumber
prices have dropped from \$5 to \$15 per
thousand feet here in the last few days
according to local dealers. They say,
however, that the decrease has not been
sufficient to affect the price of building
material everywhere. For free sample

HARD WORK NEED
OF CENTRAL EUROPE

Proposed \$500,000,000 Loan
Would increase Pauperism,
Says S. M. Vauclain.

Work, not charity, is the remedy for
the bad conditions in Central Europe,
Samuel M. Vauclain, president of the
Baldwin Locomotive Works, declared
yesterday at the inaugural luncheon of
the Polish-American Chamber of Com-
merce and Industry at the Backers Club.

"Once Poland is supplied with imple-
ments and seed, she will quickly re-
sume her place as an exporter of \$600,
000 tons of cereal staples every year and
become a net creditor," he said. "Food imports
Following Mr. Vauclain's report of
what he had seen in Central Europe, the
body, which included 200 bankers,
manufacturers and exporters, unanimous-
ly adopted a resolution praising the work
of the War Finance Corporation
and urging the continuance of another
loan. Senator Hiram Johnson, Amer-
ican Minister to Poland, who praised
the work of Col. Gilchrist of the United
States Army in combating the typhus
plague.

Among those who attended the meet-
ing were Elbert H. Gary of the United
States Steel Corporation, H. H. Whet-
stone of the War Finance Corporation, Al
Goldschmid, A. C. Dimick of the Min-
eral Company, Brian G. Hughes, Jr.,
Matthew F. Egan, former Minister to
Denmark; Edward Priner of the Vac-
uum Oil Company, W. F. Gavan and
G. P. MacEnvoy of the Pressed Steel
Car Company.

It is true that \$500,000,000 could be
spent in Central Europe to feed that
percentage of the population which is will-
ing to accept alms," he said. "Have you
ever thought how many hundred millions
might be spent right here in the United
States for the same purpose?"

"But even after such a sum would
have been spent in the United States, we
would still have a large number of
people who are still hungry."

He said that nothing but "everyday
hard work" is the remedy for the dis-
tricts, and added that he saw in his re-
cent visit that hundreds of thousands
are eager for it, but need machinery
and raw materials. He said the Polish
Republic is past the battle stage, and
now needs the "beefsteak and onions" of
trade. Recovery, he believes, by the
War Finance Corporation is the best way
to help Central Europe.
